NOTES

WILMINGTON

WILMINGTON, The Sunshine City, is situated in the southeastern part of North Carolina, on the east bank of the Cape Fear River, about thirty miles from the Atlantic Ocean. Ocean breezes and nearness of Gulf Stream gives Wilmington a delightful year-round climate. It is an ideal place to live; no extremes of heat or cold. The average summer temperature is 78 degrees, and the average winter temperature is 48 degrees.

Settled in 1730, Wilmington has many famous historical buildings and landmarks, including British General Cornwallis' Revolutionary War Headquarters, and several of the oldest churches in America.

Wilmington is North Carolina's major seaport city and the gateway of the state's commerce and trade. North Carolina is vast in area, larger than New York or Pennsylvania, and almost as large as New England.

GARDENS—Nature-lovers thrill to the springtime beauty of the azalea and camellia gardens at Orton and Airlie plantations, and the colorful plants and moss-covered cypress at Greenfield Lake Gardens.

CHURCHES—Wilmington is a city of churches of all denominations, with more than 21,000 people possessing membership in some church.

SCHOOLS—The public school system of Wilmington is modern, efficient and ranks well with other schools in the state.

HOSPITALS—There are four hospitals in Wilmington. The COMMUNITY HOSPITAL has 105 beds and serves the major part of Wilmington's Negro population.

Come to WILMINGTON the YEAR-ROUND PLAY GROUND OF NORTH CAROLINA and enjoy some real Southern hospitality.

OLD NORTH STATE MEDICAL, DENTAL AND PHARMACEUTICAL SOCIETY, INC.

is a member of the
